01 / ABOUT MATECH

SOFTWARE FOR THE PAYMENT TERMINAL.

Matech is a payment terminal software company. We build the payment app that runs on Android POS terminals, and the platform that manages them.

Our work helps acquirers, processors and distributors run terminals from different brands as one estate, under their own name.

01
HARDWARE-AGNOSTIC
Built for Android POS terminals across brands.

02
MODULAR
CerePay, Cerebro, or both.

03
WHITE-LABEL
Your brand on the terminal and the platform.

04
FAST TO MARKET
A ready payment core. New looks and brands without a rebuild.

02 / OUR VISION

ONE SYSTEM.
CONTROL IN YOUR HANDS.

HOW IT HAS ALWAYS WORKED

Each terminal brand comes with its own payment app and its own management tools. The screen and the payment logic are built as one, so every change means rework. As an estate grows across brands, each part is run on its own.

WHAT WE'RE BUILDING

- ✓ One payment app on every terminal
- ✓ One platform over the whole estate
- ✓ Your brand on all of it
- ✓ Hardware choice stays open
- ✓ Fast to market, because changes never touch the certified payment core

Terminal manufacturers build the hardware.
We build the software that lets you run all of it as one.

03 / OUR PRODUCTS

TWO PRODUCTS. ONE SYSTEM.

Use them together, or take only the one you need.

ON THE TERMINAL

CerePay

One payment app across any Android POS brand in your estate.

Interface layer · yours to shape	✓
Sealed payment core	✓
Device services	✓

IN THE CLOUD

Cerebro

One management platform (TMS) to configure, update, monitor and inject keys across the whole estate.

Configure	✓
Deliver	✓
Monitor	✓
RKI	✓

04 / HOW WE WORK WITH YOU

YOU MAKE THE CHOICES. WE MAKE THEM WORK.

YOU CHOOSE

WHAT YOUR ESTATE LOOKS LIKE

- The terminal brands you buy
- The look your merchants see
- Which apps reach which merchants

WE DELIVER

THE SOFTWARE THAT RUNS IT

- CerePay on every terminal
- Cerebro across the estate
- Updates and support as you grow

Add a new brand, switch a supplier, grow the estate. Your software stays the same.

---

05 / CEREPAY · ON THE TERMINAL

THE PAYMENT IS SEALED. THE INTERFACE IS YOURS.

INTERFACE LAYER — YOURS TO SHAPE

Restaurant · Pharmacy · Fuel station

SEALED PAYMENT CORE — SEALED

EMV transaction flow, host messaging and authorization.

HARDWARE ABSTRACTION LAYER — WORKS WITH EACH MANUFACTURER'S SDK

Card reader & PIN pad · Printer · Secure key access

ANDROID POS TERMINAL

Traditionally the screen and the payment app are one piece. **CerePay keeps them apart.** Change the screen per merchant type. The payment core doesn't move.

RUNS ON TODAY

Telpo · Aisino · Sunmi · Urovo · in progress

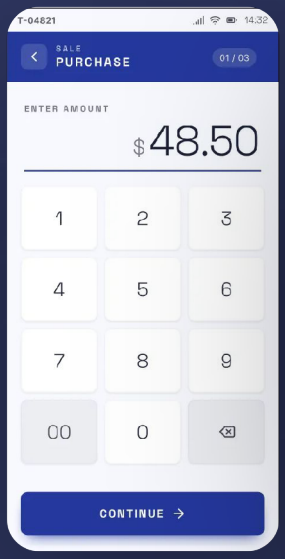

More Android POS brands being added. Ask about yours.

Brand names belong to their owners and show compatibility only.

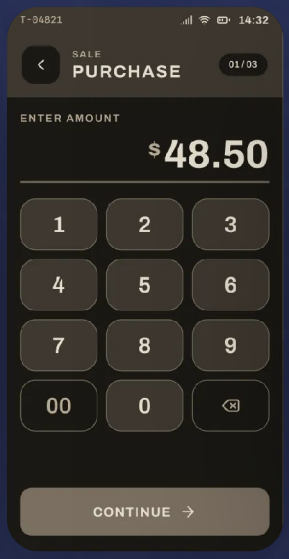

CEREPAY

One payment app across any Android POS brand in your estate.

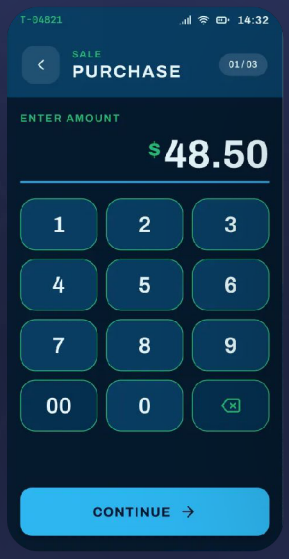

YOUR SCREEN Pick a look from the catalog or bring your own. Language, layout and flow can differ per merchant type.

THEME A
Navy & white

THEME B
Warm dark

THEME C
Navy & teal

THEME D
Copper & cream

HAVE A DESIGN IN MIND?

Share it and we build it with your team.

WHAT CEREPAY HANDLES

EVERY PAYMENT

01 PRE-PROCESSING
Amount and limit checks before the card is read, set by your scheme rules.

02 CHIP AND CONTACTLESS
Full cardholder verification, working with the device's EMV kernels.

03 AUTHORIZATION
Online authorization to your host. Offline where scheme and risk rules allow.

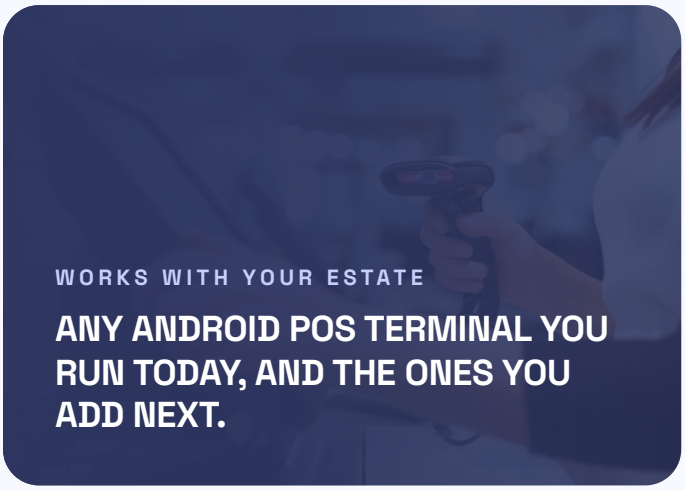

04 BATCH AND SETTLEMENT
End-of-day reconciliation and batch close with your host.

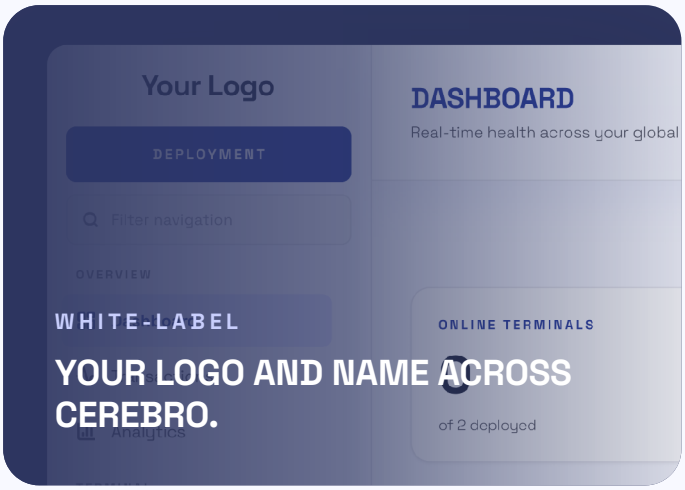

05 RECEIPTS AND REPORTS
Receipts and reporting for every payment, in the formats you need.

06 YOUR BUSINESS RULES
Split payments, tips, pay at table, loyalty. Built to fit how you work.

CEREBRO

One platform for every terminal you run.

01
CONFIGURE
Provision in bulk. Push settings to one device, a group or the whole estate.

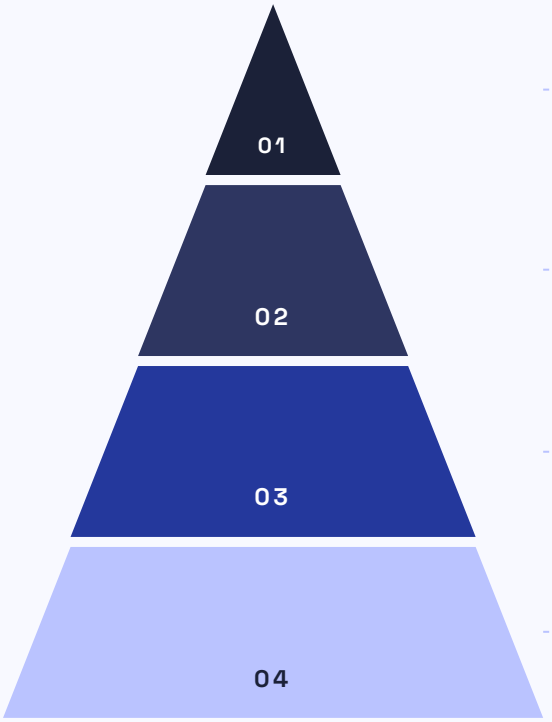

02
DELIVER
Roll out app and software updates in stages you control.

03
MONITOR
See connectivity, version and health in real time.

04
RKI
Remote key injection across the estate.

CONTROL AT EVERY LEVEL.

PLATFORM HIERARCHY

YOUR ORGANISATION
Full control over every sub-tenant, merchant and terminal.

SUB-TENANTS
Branches, partners or resellers. Each manages its own part of the estate.

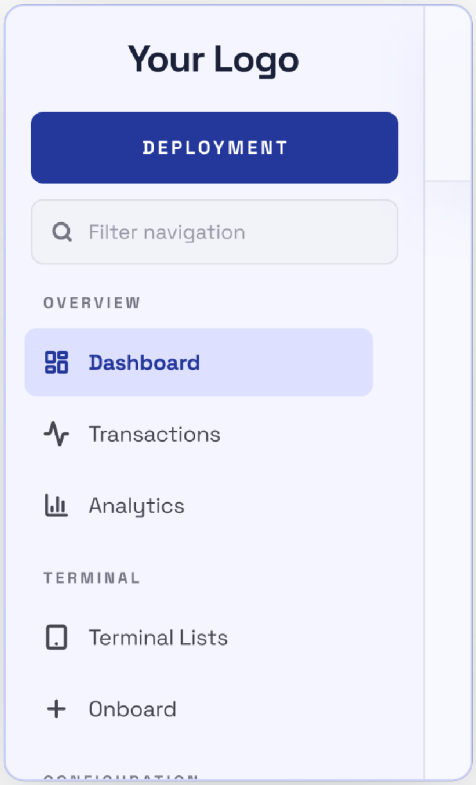

MERCHANTS
Manage their own users and terminals.

TERMINALS
Each terminal is assigned to a merchant and managed from above.

WHITE-LABEL

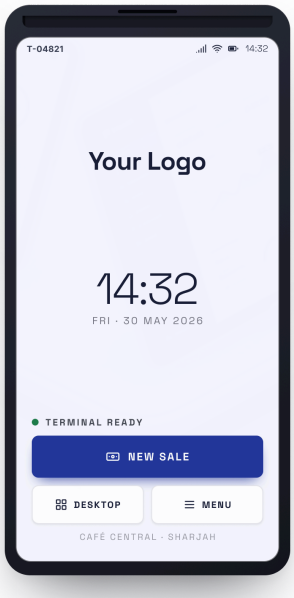

YOUR BRAND ON EVERYTHING.

CerePay and Cerebro are delivered under your logo, colours and name.

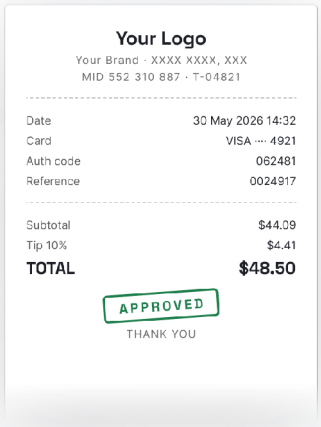

MANAGEMENT PLATFORM

Your logo and name across Cerebro.

PAYMENT APP

Your logo, colours and flow on every terminal.

RECEIPTS

Your logo on every receipt.

BUILT FOR THOSE WHO RUN TERMINAL ESTATES.

07 / WHO WE WORK WITH

BANKS AND ACQUIRERS

One app and one platform across a mixed estate, under the bank's brand.

PROCESSORS

Terminal software and estate management without building it in-house.

POS DISTRIBUTORS

Remote provisioning and health monitoring for the terminals you supply.

TERMINAL MANUFACTURERS

We work with Android POS manufacturers to support new models on CerePay.

CEREPAY RUNS ON TODAY **Telpo** **Aisino** **Sunmi** Urovo · in progress ASK ABOUT YOURS

WHY MATECH.

01 **FAST TO MARKET**
The payment core is already built. A new brand, look or merchant type is configuration, not a new build.

02 **ANY OEM**
Change terminal suppliers without changing your software.

03 **YOUR BRAND**
On every screen your merchants and your team see.

04 **TAKE WHAT YOU NEED**
CerePay, Cerebro, or both. Start with one and add the other later.

GET IN TOUCH

LET'S TALK.

See CerePay and Cerebro live on real terminals, or tell us about your estate and we'll map how it fits.
